Wireless Technology

# One thermostat.

More ways to optimize comfort.

## INTUITIVE SYSTEM IS EASY TO PROGRAM AND EASY TO LOVE

- Answer a few simple questions and the system will self-program
- Customizable alerts monitor comfort, safety and energy efficiency for peace of mind
- On-screen guided help – no need for complicated manuals

## CONTROL MORE THAN TEMPERATURE – MUCH MORE

- Integrate and manage humidification, dehumidification and ventilation systems
- With RedLINK™ and Honeywell's Total Connect Comfort services, you can schedule your thermostat remotely via computer, tablet or smartphone
- Wireless accessories help you manage frost and condensation on your windows, check outdoor temp and humidity at a glance, adjust your system from anywhere in the home – and more!

### RedLINK Internet Gateway with Total Connect Comfort Services

Once installed by your heating and cooling professional, go online to register your account and customize your system and alert settings. Free apps available for Apple® and Android™ devices.
