COMPATIBLE DIMMER LIST

Cooper DAL06P

Lutron DVELV-300P, SELV-300P, NTELV-600

CAUTIONS

• Turn power off before inspection, installation, or removal.

• Risk of electrical shock – do not use where directly exposed to water or weather.

• Suitable for use in damp locations.

• Do not open – no user serviceable parts inside.

• Use only on 120 VAC, 50/60Hz circuits.

• This device is not intended for use with emergency exit fixtures or emergency exit lights.

• Compatible with most dimmers.

• For complete dimmer and warranty information visit www.standardpro.com.

• Operating temperature:

• 40C/40F to 120C/248F.

• 3 Years Limited Warranty.

NOTES: This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressively approved by the manufacturer could void the user's authority to operate the equipment. This RFLD device complies with Canadian ICES-003. LED lamps must be stored, operated under suitable environmental conditions and in accordance with, but not limited to, the latest National Electrical Code, cETLus, cULus, CSA and ANSI specifications.
