Product Showcase — Centinel 1

Modern form and function come together in Centinel 1, a keyless entry digital deadbolt with a clean, contemporary design and robust set of convenience features. Gain greater control over access to your home with up to ten programmable user codes plus single-use codes for cleaners, service personnel, and guests. For added peace of mind, use the auto-lock option to ensure the door always locks behind you.

Program up to 10 user codes 4-6 digits in length

- Volume control can be tailored to personal preferences
- Auto lock option locks door upon close for peace of mind
- Single use / temporary user code option
- Vacation mode disables all user codes temporarily
- Low battery indicator
- Fully operational via conventional key (2 included)
- Full keying services available
- Universal 6-in-1 latch: drive-in, square mortise and radius corner
- Standard bore hole sizes: 2-1/8" (54 mm) or 1-1/2" (38 mm)
- Adjustable backset: 2-3/8" (60 mm) – 2-3/4" (70 mm)
